## SCHOLARSHIP APPLICATION FORM

South Portland American Little League believes in the philosophy that a player will not be left behind. Therefore it is a policy of S.P.A.L.L that the inability to pay registration fees should not prevent a player from participating in the Little League Program. Members who cannot afford to pay registration fees shall notify the President of S.P.A.L.L. and scholarships may be granted at the discretion of the President. The President shall treat all such applications confidentially and shall take such steps as necessary to assure that the annual registration fee policy does not keep a player from participating. However, applicants that have their fees waived are will be required to participate in fundraiser activities and volunteer hours, as those responsibilities are not waived.
